## The Free Methodist Church in Romania

### Present Ministries

The Free Methodist Church has begun a partnership with *Vis de Copil* in Arad, Romania. *Vis de Copil* (A Child's Dream in Romanian) is a ministry to homeless children and adults and the very poor. The director, Philip More, has joined the Free Methodist Church and has become a local ministerial candidate licensed through the FM church in Győr, Hungary. The prayer is that the FMC will grow in Romania, and there will be established churches across Romania with Romanian leaders.

### Pray for:

- spiritual receptiveness to beginning churches and developing further ministry across Romania
- new workers to serve in ministry
- encouragement, spiritual growth and new connections for Philip More as he represents the Free Methodist Church in Romania
- the financial needs of *Vis de Copil* and Philip More
