The Free Methodist Church in Sweden

Present Ministries

In 2021 the Rev. Valentin Sikitoka established the Free Methodist Church in Stockholm, Sweden. He and many of his leadership team came to Sweden as refugees. They had difficulty finding a church. In response, they started the church in Stockholm and are making plans for several other new churches in Sweden, Denmark and Norway.

Pray for:

- identification and development of new leaders
- resources to develop existing and new church plants
- connection to the local communities for outreach
- development of programs for youth and family outreach

Sweden

Mission District
