Present Ministries

Church planting efforts in Amman, the capital of Jordan, have been interrupted by the unprecedented influx of refugees into this tiny nation. A single congregation is heroically attempting to serve more than 4,000 refugee households. Ministry to refugees includes a medical clinic, a dental clinic and a preschool, as well as house church networks. The United Nations projects that by the end of 2015 more than 1,000,000 refugees were in Jordan, which has a population of 6 million in an area the size of Indiana.
