

FREE METHODIST WORLD MISSIONS

Partnership Commitment Process

The Partnership Commitment Process provides a clear path for donors to communicate their intent to invest in Free Methodist worldwide ministries and to partner with national leaders and missionaries.

We encourage churches to prayerfully follow these steps in determining what they will give each year.

Step 1

September to November

Seek God's Guidance

Take time to pray and reflect. Meet with friends, spend time with your church's ministry staff, gather with members of your church's leadership team and ask God for direction.

Step 2

October to November

Allocate Monies Strategically

Once you have a sense of direction, evaluate your budget. By faith, allocate these monies strategically and trust in God's abundant provision.

Step 3

December to January

Communicate 2017 Commitment

Making a commitment helps provide the church clear missions giving goals in a specific ministry year.

Communicating those commitments to FMWM:

- helps missionaries and world area overseers to know of partners who will be standing with them in ministry throughout the year and
- provides a means for evaluating budgets and the health of fund levels for Country Support Accounts (CSAs), also known as Church Planting & Development Accounts (CPDs) for the Asia area, and Missionary Support Accounts (MSAs) during the year.

If a missionary leaves the field, FMWM will notify supporting churches and provide suggestions for redirecting support.
