

Country Support

your opportunity
to partner with national leaders
and ministries

Togo 2016 Ministry Need: \$17,410

Funding the **Togo Country Support Account (CSA)** will help resource the following people and strategic initiatives:

- discipleship and evangelism ministries of the Lome FMC and other southern Togo churches
- six church planters in the region around Sokode, an area where many people need to hear the good news
- continued production of manuals for the six church planters
- the national leader as he oversees the work of each local church and also frequently checks on the several church planters
- materials, food and transportation costs for seminars providing basic pastoral training for pastors of this young work

Togo

Connect with God's heart for the world.

Togo

The Free Methodist Church in Togo

Origins

In 2001, Bernard Pangmashi and his family left Cameroon as missionaries to Togo. They started a Bible training school and from that planted churches. They served in Togo until June 2004.

Present Ministries

Current leader of the work, Rev. Dosseh Takpale, works with several leaders who have groups in six locations. Three groups are located in or near Lome, Togo's capital. Ten church plants have been started in the central region and several in the southern region. Togo has a vibrant children's ministry, with two schools.

Outreach to the World

Dosseh also has a vision for reviving a house group in Benin, the country east of Togo. The Lome church has supported the startup of FM work in Guinea Bissau.
