

CRAWFORD CONNECTION

VISIT TO URUGUAY- SEPT 21-29

We are very excited to have a visit planned with our missionaries, Mike and Andrea Green and their little boy Gabriel this month. It will be our first visit to a missionary family on the field.

Prayer Connection

Prayer requests:

1. Praise God for the successful CCP Summit in July! Thank you for your prayers.
2. Pray for peaceful long term solutions for Nicaragua, including provision and safety in the streets for everyone.
3. For our visit with the Greens Sept 22-29.

The goal of the Latin America Area: The goal of Free Methodist World Missions in Latin America is to fuel and sustain a biblical movement to reach Latin Americans for Christ.

This will happen by:

- Empowering and coaching national leaders to multiply disciples, groups, leaders, and churches.
- Catalyzing initiatives and partnerships to plant clusters of churches in strategic cities.

You can read more about the Latin America Area at: <http://latinamericaarea.com>

Email: guycrawford@mac.com

Our ministry of pastoral support to missionaries is self-supporting, but if you'd like to participate and give towards our travel and ministry costs, this is our giving page:

<https://give.fmcusa.org/donation/df-aslacrawford>

We met the Greens and enjoyed getting to know them in Medellin, Colombia in January of 2017. They have been in Uruguay for about a year now, doing church planting in the city of Montevideo, where two thirds of the country's population lives. They are seeking to build bridges with people in order to share the good news of Jesus. Mike and Andrea attended the recent CCP (Community Church Planting) Summit in Colombia. Pray as they minister and apply CCP training in practical ways. We pray that our visit will be an encouragement to them. We will let you know more about their ministry on our return!

NICARAGUA UPDATE

Thank you, friends, for praying for our brothers and sisters in Christ in Nicaragua. Please continue to remember them as our leader continues to do training in community church planting. In the midst of difficult circumstances, they are pressing on into the harvest fields.
