

WHY JOIN THE GILMORE'S ON MISSION?

Why does the sun lighten our hair but darken our skin?

Why is a boxing ring square?

Why is it called lipstick if you can still move your lips?

Why is the person who invests your money called a broker?

Why is it that people say they 'slept like a baby' when babies wake up every two hours?

Why do we press harder on the TV remote when we know the batteries are dead?

Maybe you know the answers to these questions. But do you know why you should consider joining Debra and me on mission to Spain? In case you are wondering let me tell you why.

First it's our calling as Jesus followers to make disciples among all peoples of the world. That is Jesus' marching orders for us.

Spain is desperately short of disciples. It was at one time a champion of the Roman Catholic version of Christianity but today less than 3% consider religion a vital life value making it more secularized than the rest of Europe. Less than 2% claim an evangelical faith and out of 8,100 cities and municipalities nearly 7,500 have no evangelical witness. Spain has less evangelical Christians than many Muslim nations.

In the midst of this great spiritual need there is a new responsiveness to the gospel especially among immigrants from Latin America and Muslim nations. God is doing something new in Spain.

Together we can make a difference. You may not be able to go to Spain as a full time missionary and make disciples but can invest in making it happen by partnering with Debbie and me. We have years of Spanish language and missionary experience that will enable us to begin working as soon as we arrive.

By working together people will be introduced to Jesus at the Mosaic Cultural Center where Debbie will use her passion for evangelism. Disciple makers who will plant house churches throughout Spain will be prepared at our theological training center where I will use my experience in teaching and training.

Debra and I have accepted a 2 year assignment that we are planning on starting in January of 2020. We are looking for partners to make that happen.

We are looking for partners who will pray with us for Spain.

We are looking for giving partners who will make it possible for evangelism and disciple making to take place in Spain.

We are looking for people who will join us in Spain for short term missionary projects.

Spain is like Old Testament Jericho. It has been closed to the people of God and the gospel for a long time. Its defenses against the life changing truth of Jesus are formidable. It has been called the graveyard of missionaries because it is so resistant to the gospel. Just like the people of Israel joined together and saw the walls of mighty Jericho crumble, let's partner together and surround Spain with prayer, evangelism and disciple making and watch the resistance of Spain to Jesus crumble by the power of the gospel.
