

God's Crazy Ideas?

God's crazy ideas?

I know I shouldn't call them crazy but

- Only Jesus makes mud with spit puts it on the blind man's eyes, tells him to go wash and be healed.
- Only Jesus would ask his disciples to feed 5,000 men plus women and children

- Only God would ask Abraham to sacrifice his son and then at the last minute provide a ram in the thicket.

Only Jesus would ask God is asking Phil and I to move to an unknown culture and country, Spain, to share Jesus with people who have never heard. Is this a crazy idea at our age or what? Is it difficult? Does it require TRUST?

One step at a time, I'm beginning to let go of everything and trust God with;

- Our future plans-retirement
- House & cars
- Our household belongings
- Our dog Sophi
- Elderly parents
- Family and grandkids Peter to walk on water

Why are we going? Because God has asked us to GO. I have learned over the years that saying yes to God's crazy ideas is a win every time and my puny logical ideas lose.

How will we go? With your prayers and financial support. We need more partners who will support us monthly, quarterly or annually.

We are praising God that we are now 42% funded, thanks to all who are currently partnering with us. Our monthly budget need is \$6,165.00. Twenty seven percent is for ministry and the remaining 73% is for living expenses.

When is our support needed? Now, so we can go January 2020. Join us on this crazy God adventure and see how God provides.
