

July 2019

Dear brothers.

I am grateful to the Lord for the opportunity to be back in Quito Ecuador. God is so good. The church is growing and we are working with CCP. There are a few houses of peace which are meeting and these are initiating a second generation of groups. God is prospering His work here even though there have been obstacles.

I am getting involve in the process of pastoral formation, training leaders in developing houses of peace and in becoming part of CCP. (community church planting)

Prayer requests:

For the houses of peace and their leaders to also train others.

For the processing of my visa for two years.

And for the youth retreat this month.

Thank you so much for your prayer for us as we work in Gods will for Ecuador. May the Lord bless you.

Group from FMC Ferroviaria.

To declare His glory.
