

**"Give thanks in all circumstances;
for this is God's will for you in Christ Jesus"
1 Ts 5:18**

Today we are checking in with you, not to ask for anything, but to give thanks for you!

We are so grateful for each of you who support us in prayer and finances.

The ministry has advanced even in times of pandemic.

Resources have come, and God has provided us with everything we need through each of you.

We have our home, food, joy and peace! Not one member of our two churches has been infected with COVID-19.

New believers are being prepared for membership on May 31 when we resume face-to-face services on Pentecost Sunday.

The renovation of our new facility is ongoing, and God's house is going to be beautiful!

The Barnabas Social Project has supported countless families in need because our people have generously donated food.

During our quarantine I, Cindi, was able to complete the book *And Was Made in the Likeness of Men*, focusing on the two natures of Jesus. This project had been on standby for more than 3 years.

The missions in Guinea Bissau and São Tomé have also seen progress with their outreach helping many families.

The Eschatology course at ZOOM already has 62 students.

All of this has happened for three simple reasons: God is with us, we have decided to come here to serve these nations, and you have supported us. What an awesome partnership!

We pray every day for each of you and your families and churches!

God is preempting early and late rains to pour over the whole earth, and we are preparing for this. The early rain comes at the time of planting to strengthen the soil and the seed. Then the latter rain, or the last rain, comes before the harvest to strengthen the plant and give quality to the fruit. Usually these rains happen between the Easter Feast and the Harvest Festival (Pentecost).

Isn't it interesting that God seems to be repeating the **scenes of Acts 2**? Might we live to see the greatest revival in history?

Again, we thank you, thank you, thank you!
