

ECUADOR

Latin American Area - Free Methodist Church

31 active community house churches, including 5 new ones planted this quarter

145 people attending

49 people who have made a decision to start a relationship with Jesus Christ

Reaching Ecuador through training healthy leaders and planting community churches

Adding Family to the Family of God

Jefferson Burbano's children were grown and gone from his home by the time he became a Christian. In his role as a church leader, he started to train others and plant community house churches in the coastal town of Esmeraldas. One group that he started was with his sisters and cousins. That group opened the door to starting a group with his own adult children. Jefferson is so thankful that God accomplishes what He desires in His time, even though His time table doesn't always match ours.

- *For more people to answer the call to plant community churches*
- *For strength and commitment for church leaders to make more disciples*

GIVE

Support the work in Ecuador through your financial gift
