

MARCH 2021

Celebrating New Life in Christ

LEON FAMILY SERVING IN COSTA RICA
MISSION DISTRICT 360

Roberto and Stephanie are one of those couples who invite everyone they meet to church. After moving to the area a few years ago they became a part of Pura Vida Church Esterillos and have consistently shown up to church with new people almost every Sunday. They have worked with the youth and started small groups in multiple locations. They are the ambassadors of Jesus in their community. There are many people like Roberto and Stephanie all over Latin America and we want to show you the difference they are making with these exciting statistics showing how God is working through CCP (Community Church Planting).

This graph represents the last two quarters and all the Free Methodist ministries in Latin America not just the 360 District

Opportunities and Obstacles

This month marks one year of social distancing mandates being in place because of COVID-19 and as we look back we see that we have had many ministry opportunities arise from the obstacles created by Covid -19.

Pollito Project - getting to meet and serve people we never would have.

Pastoral training classes - classes doubled when we had to move to an online format allowing more people in different areas of the country to connect.

Beach Church - we went from online church which had great reach as people could connect anywhere, anytime but lacked personal connection, to meeting in our carport which was cramped and hard for families since there was no childcare, to our current spot, the beach. Attendance doubled, more people joined small groups. We hang out and fellowship after the service, it has been the most natural form of church I have ever experienced and the most welcoming to newcomers.

HOW TO PARTNER WITH US

Ways to Give

WHEN YOU GIVE YOU ARE JOINING US TO PLANT TRANSFORMATIONAL CHURCHES THAT MULTIPLY HEALTHY LEADERS WHO MAKE DISCIPLES.

Ways to Pray

~ That the people in the training classes have a passion for the lost that motivates them to plant churches.

~ As things open back up and groups can begin to meet in person again we see new groups starting.

~ That we continue to seek God's will.
