

The Owsley Chronicles - 2022 New Year Edition

Dear Praying Friends,

We praise God for bringing us through this last year and for all the doors He opened for ministry in spite of continued limitations due to the pandemic. Here are a few highlights.

- 1) **Our seminary grew** in ways we could never have imagined via online classes. The Lord helped us to learn new ways to teach and interact with students via social media.

- 2) Being "stuck at home" has enabled us to build relationships with people in our building. Dan continues to lead a **Wednesday Bible study** with half a dozen of them who are full of earnest, honest questions.

- 3) I (Hope) was able to write **Sunday school curriculum and inductive Bible study materials** and meet with three different women who helped me "test drive" the new Bible studies.

- 4) Dan made several **missions trips** to areas in Brazil where the FM church is growing. The church in Manaus is led by Venezuelan refugees and the church in Campo Grande is being led by former seminary students from our Cuiabá days.

5) Your **faithful prayers and giving** made all this possible!

One of my good friends recently reminded me that though many of our plans for 2021 changed, God's plans never change. He continues to build and strengthen His Church no matter what is happening around us. Praise His name!

For His glory and our joy, Hope & Dan
