- ◆ Country Leader: Gerry McNamara
- ◆ Overseer: Area Director Josue Fajardo

Gerry & Kari McNamara

The Free Methodist Church in Hungary

Present Ministries

There are currently two fellowships in Hungary. Péter Tóth serves as pastor of the Budapest fellowship. Alongside church ministries, community outreach events and services include English classes, women's programs, men's events, preschooler programs and a weekly recovery group. Budapest also serves as the administrative headquarters of the Free Methodist Church in Europe, where missionary Larry Winckles serves as the Europe area administrator. His wife, Katie, serves in the areas of hospitality and bookkeeping and supervises English-language ministries. The Győr fellowship, led by a national leader, Sylvia Nyiri, includes English-language worship services, Bible studies, a university student group, Mothers of Preschoolers (MOPS) ministry, service to the poor and ministry to orphans. Gerry and Kathy McNamara recently moved from Győr to Pécs to begin church planting and further develop Set Free work in the south of Hungary. A small church group has also begun in Veszprém, serving international university students. Zsuzsa Mecséri-McNamara coordinates the Set Free Movement in Hungary. Set Free ministries include sensitivity training, ministry to orphans, ministry to convicts, raising awareness with at-risk populations, networking with other like-minded organizations, and developing a Life Skills Training Program. The Set Free Movement Hungary currently has teams in Budapest, Győr and Pécs.

Pray for:

- growth of the Hungarian FMC
- the raising and training new leaders and co-workers from within Hungary and from abroad
- positive witness and trust-building in the communities served
- further development of the Set Free Movement in Hungary and beyond
- open doors into new communities and populations in Hungary
