

Church Planting & Development

your opportunity
to partner with national leaders
and ministries

Honduras Need: \$10,000

Funding the **Honduras Church Planting & Development (CPD)** will help resource the following people and strategic initiatives:

- ◆ Mission District Leader—Pastor Manuel Herrera
- ◆ Five churches led by two conference ministerial candidates and a group of emerging lay leaders who have a vision to plant more churches
- ◆ Growth and multiplication of the churches through mutual cooperation and shared vision to reach Honduras for Christ
- ◆ Community Church Planting in Honduras

- FM Membership: 336
- District Leader: Manuel Herrera
- Overseer: Latin America Area Director Ricardo Gómez

Manuel Herrera

The Free Methodist Church in Honduras

Origins

Free Methodist churches in Honduras are led by two conference ministerial candidates and a group of emerging lay leaders with a vision to plant more churches. The existing churches were started from three different Free Methodist connections in the U.S.: Salem, MA; Miami, FL; Rochester and Fredonia, NY. Brent and Alma Thompson, pastors of Harvest Chapel FMC, Fredonia, NY (Genesis Conference), supervise the work in Honduras.

Present Ministries

After about 10 years of ministry in Honduras, the Honduras Mission District was officially established in 2019. Pastor Manuel Herrera became the second mission district leader this year due to his proven fruitfulness through the Community Church Planting (CCP) movement. The district serves the Garifuna people and has two cafeterias to serve children in need.

Pray for:

- multiplication of committed disciples and continued empowerment of transformational churches
- the FM values and mission to become part of the DNA of every leader in Honduras
- provision for pastors and their congregations in this poverty-stricken country
- wisdom and discernment for Manuel Herrera as he leads the district and participates in CCP
