

Church Planting & Development

your opportunity
to partner with national leaders
and ministries

Uruguay Need: \$12,000

Funding the **Uruguay Church Planting & Development (CPD)** will help resource the following people and strategic initiatives:

- ◆ Pastor Sebastian Carballo, a young vibrant leader in Durazno who leads an integral ministry to the community. He is also the church planting trainer for Uruguay. Even amid the Covid-19 pandemic, ten new house churches have been established in 2020.
- ◆ The multiplication of committed disciples, healthy leaders and transformational churches in Uruguay.

- FM Churches: 1
- Community Church Plants: 9
- FM Membership: 263
- District Leader: Sebastian Caballo
- Overseer: Latin America Area
Director Ricardo Gómez

Sebastian Caballo

The Free Methodist Church in Uruguay

Present Ministries

There is much to celebrate in the newly formed mission district of Uruguay, despite its being located in the most secular of all Latin American countries. The church's consistent ministry to children is having ripple effects that are bringing entire families to Christ and establishing new churches. The youth are taking leadership in planting churches. They have taken the training they received through the Community Church Planting movement and are sharing their faith and multiplying disciples.

Pray for:

- wisdom to identify and develop healthy leaders
- the multiplication of committed disciples and the strengthening and emergence of new houses of peace
- continued active participation in the transformation of individuals, families and society
- guidance for Pastor Sebastian as he leads the district, pastors the church, serves his family and continues the pastoral plan toward ordination
