Dear friends,

Greetings! As some of you may already know, God has been stirring our hearts to be on the move once again! After much prayer and godly counsel, we have decided to join the Free Methodist World Missions in Europe and serve there as long term international missionaries.

Paulo had previously served FMC Europe in Hungary from 2005-2006. And now, he will begin serving the Europe area by working alongside the Area Director Josh Fajardo giving support in administration, finance, leadership training and community development. Clara will serve in education and training at the Mosaico Learning Center and missionary schools in the Province of Madrid.

This is a long term project (10 years), but with an initial time of 3. Paulo is going to start working remotely in September, and we plan to move in the summer of 2025.

Currently, we are in the process of building a team of partners to support us financially and in prayer. Would you consider being part of our team? Please let us know by filling out the enclosed commitment card and sending it through mail or whatsapp, or by going directly to the FMWM website (fmwm.org/europe/bettio/).

We trust that God is holding you up as He is holding us at this time!

Peace and Grace,

Paulo, Clara, and Jonas Bettio
