Connect with God's heart for the world.

The Holy Land

The Free Methodist Church in the Holy Land

Present Ministries

Free Methodist work is in the Galilee region, specifically the city of Nazareth, Jesus' boyhood home. The work encompasses church planters serving 33 house fellowships and more than 800 people. More house churches will be launched soon. In addition, leaders have established house-church networks in the West Bank, Gaza and Bethlehem area. Some 1.6 million Arabs reside in this area and represent the target population for FM church-planting efforts. In 2019 the FM Church was officially registered with the government.

The Holy Land
